**SALLD-2 @ LREC 2022 – 2nd Workshop on Sentiment Analysis & Linguistic Linked Data – Call for Papers**

**SALLD-2** – the second workshop on **Sentiment Analysis and Linguistic Linked Data** (SALLD-2) – will be held in conjunction with **LREC 2022** in Marseille, France.

The half-day workshop aims at providing a discussion forum about the usage of Linguistic Linked Data principles in the Sentiment Analysis field, to explore relevant principles, methodologies, resources, tools and applications, and understand the primary approaches, their advantages, limitations, and the available resources and case studies. It follows on **SALLD-1,** which was held in conjunction with **LDK 2021** – 3rd Conference on Language, Data and Knowledge – in Zaragoza, Spain on September 1, 2021. The SALLD series was initiated in the framework of **NexusLinguarum COST Action** – European network for Web-centred linguistic data science (CA 18209) and has its support.

SALLD-2 comprises an invited talk by Anna Fensel, Associate Professor at the University of Innsbruck, Austria and Wageningen University and Research, the Netherlands, as well as oral presentations, demo session, and concluding panel. The main topics are the following:

- Sentiment and Emotion Analysis and Generation
- Linguistic Linked (Open) Data
- Natural Language Processing and AI
- Semantic Web and the Web of Data
- Lexical/Textual Resource modelling, annotation, and conversion to Linked Data
- Metadata, Categories, Workflows, Keywords, and Standards
- Understanding and predicting user and group behavior
- Offensive language identification, classification, and interaction with polarity and emotion
- Sentiment-based identification of radicalization and misinformation

We invite you to submit a 1,000-word abstract. Accepted proposals will be invited to submit a full (short or long) paper to be included in the LREC proceedings. Templates and author instructions are available here. Please note these important dates:

- **February 28, 2022**     Abstract submission deadline
- **March 25, 2022**     Notification
- **April 29, 2022**     Full paper submission deadline

**LRE 2022 Map and 'Share your LRs!' initiative.**

When submitting a paper from the START page, authors will be asked to provide essential information about resources (in a broad sense, i.e. also technologies, standards, evaluation kits, etc.) that have been used for the work described in the paper or are a new result of your research. Moreover, ELRA encourages all LREC authors to share the described LRs (data, tools, services, etc.) to enable their reuse and replicability of experiments (including evaluation ones).
